- 5th Place Junior Horse Hippology

Riverheads, Spotswood grads honored

The Kappa Chapter of The Delta Kappa Gamma Society International, an or-

ganization of key women educators, recently awarded two \$1,000 grants-in-aid to graduating seniors.

Summer Wallace, from Riverheads High School, plans to attend Bridgewater University and Braxton Jones, from Spotswood High School, will be furthering her education at Randolph College.

They were chosen to receive the Downs-Ryerson Grants-In-Aid based on high academic achievement and community involvement, but most importantly for their quest to enter the field of education.

Susan Schuckman, representing the selection committee, made the presentation to these students at the May 9 dinner meeting. If you are an educator and wish to learn more about becoming a member of Delta Kappa Gamma you can contact Chapter President Cheryl Sams at csamsmathlady@gmail.com.
